Dear Parent/ Carer

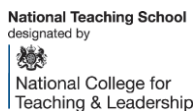

As you are aware we have been 'live streaming' lessons to Years 10, 11 12 & 13 since the closure of schools. You will also be aware that lessons for Year 11 & 13 have ceased following the government announcement regarding examinations and grading of students. We are delighted to now be in a position to extend some of the 'live streaming' of lessons to Year 9. The 'live streaming' of lessons has proven to be a highly effective method of continuing learning and ensuring a sense of routine and normality for the students. It also enables staff and students to ask more questions and seek clarification, which is especially important for Year 9 as they continue their GCSE studies. Lessons which are not 'live streamed' will continue with work set on Show My Homework.

Enclosed with this letter are instructions on how to set up devices to prepare for 'live streaming'. Indeed, some Year 9 classes have been 'live streaming' already and may have already set up their devices. We are obviously aware that access to devices may be an issue for some students. Please do contact your child's pastoral lead should this be the case and we will do our best to work with you to resolve the issues. Please be aware that 'live streaming' can be received through a range of devices and many students are using their phones.

Below are the lessons that will be 'live streamed' in each department. These will commence from Monday 4th May. Students should take a few minutes to cross reference the lessons below against their timetable so that they are aware of when lessons will be 'live streamed'.

Yours Sincerely

Mrs R Waugh
Principal
