

**Psychology Transition Work June 2020 Miss L Dudley**

Please complete the weekly tasks outlined below and attend the meet sessions with me. For further guidance and information. Please keep all work created in a folder to present to me in the first lesson in September. Ideally a large A4 ring binder folder is what you need.

The specification also needs to be printed off and put at the front of your file (link for this is at the end of this document under general resources).

**The quality of what you are producing here will provide me with evidence of your suitability to the course. It is important that you are aware of this especially as we are not having any GCSE exams to guide us on this this year.**

Psychology A Level	Google Classroom Code:	Google Meet code:
AQA	mwcbnhz	What is psychology?
Weekly Tasks	Topic	Resources and Task
W/C 1.6.20	The origins and history of psychology	<p><b>Task</b></p> <p>Can you take the information from the resources given below and try to put what you have read into the diagram of a tree, so for example the roots of psychology come from philosophy and the trunk would feature the psychologist known as Wundt? The rest of the branches would be made up of the different psychologists that have developed over time. You can put these into some form of chronological order. This can be hand drawn and then take a picture of it to send to me or produced on a computer, the choice is yours.</p> <p><b>Task 2</b></p> <p>Make a glossary of all the new words/ terms that you are coming across in your reading. Warning psychology is full of verbose language and specialist terms so you need to keep glossaries on the sections as we study them.</p> <p>Resources to assist you  <a href="https://www.youtube.com/watch?v=1Os1C000qxY">https://www.youtube.com/watch?v=1Os1C000qxY</a>                      this is a short u tube clip on what is psychology.</p> <p><a href="https://www.youtube.com/watch?v=59bZTKsGT9I">https://www.youtube.com/watch?v=59bZTKsGT9I</a> really good to show how its developed.</p> <p><a href="https://opentextbc.ca/introductiontopsychology/chapter/1-2-the-evolution-of-psychology-history-approaches-and-questions/">https://opentextbc.ca/introductiontopsychology/chapter/1-2-the-evolution-of-psychology-history-approaches-and-questions/</a>                      this is a long read please stop at where it says early psychologists</p> <p><b>Chapter 4 page 104-105 of the online text book for psychology</b>                      The log in details for this are  <a href="https://www.illuminate.digital/">https://www.illuminate.digital/</a>                      this first link takes you to the books available from illuminate on line, click on the book with the girl with the green hair, it says AS Psychology.</p>

		<p>You will then be asked for log in details</p> <p>Please enter the following login <b>Tpains, password is st101lh</b></p> <p><b>Go to chapter 4 p104-105</b></p> <p>This will help with the task set.</p> <p>This is the text book that I use in class.</p>
W/C 8.6.20	Wundt and Introspection. The emergence of psychology as a science	<p><a href="https://www.youtube.com/watch?v=59bZTKsGT9I">https://www.youtube.com/watch?v=59bZTKsGT9I</a></p> <p>p104-p105 of the illuminate text book.</p> <p><b>Task</b></p> <p>attempt the following questions.</p> <p>Explain what Wundt meant by the term introspection (3)</p> <p>Define what is meant by the term psychology (2)</p> <p>Briefly explain the emergence of psychology as a science (4)</p> <p>Make a glossary of the following terms</p> <p>Objective</p> <p>Subjective</p> <p>Scientific method</p> <p>introspection</p>
W/C 15.6.20 2 <sup>nd</sup> Meet	The behaviourist approach/ learning theory assumptions and Classical conditioning	<p><a href="https://www.youtube.com/watch?v=iDjnZ89O07g">https://www.youtube.com/watch?v=iDjnZ89O07g</a> overview of the approach</p> <p><a href="https://www.youtube.com/watch?v=qSqWiTG-o2Y">https://www.youtube.com/watch?v=qSqWiTG-o2Y</a> Pavlov's experiment.</p> <p><a href="https://www.youtube.com/watch?v=Eo7jcl8fAul">https://www.youtube.com/watch?v=Eo7jcl8fAul</a> shooting his roommates classical conditioning and applying it to humans.</p> <p><a href="https://www.youtube.com/watch?v=9hBfnXACsOI">https://www.youtube.com/watch?v=9hBfnXACsOI</a> Little Albert experiment. How classical conditioning works in humans.</p> <p><b>Task</b></p> <p>Illuminate text book p106-107 make a copy of the diagram on p106.</p> <p>Make a glossary on the following terms</p> <p>Classical conditioning</p> <p>Neutral stimulus</p> <p>Conditioned stimulus</p> <p>Unconditioned stimulus</p> <p>Conditioned response</p> <p>Unconditioned response.</p> <p>Please read and make notes on all elements of classical conditioning Highlight all key terms and define any that you do not understand.</p>

W/C 22.6.20	The behaviourist approach /learning theory operant conditioning	<p><a href="https://www.youtube.com/watch?v=H6LEcM0E0io">https://www.youtube.com/watch?v=H6LEcM0E0io</a> shows the differences between operant and classical conditioning</p> <p><a href="https://www.youtube.com/watch?v=teLoNYvOf90">https://www.youtube.com/watch?v=teLoNYvOf90</a> big bang theory /Sheldon trying to train his girlfriend</p> <p><a href="https://www.youtube.com/watch?v=l_ctJqjlrHA">https://www.youtube.com/watch?v=l_ctJqjlrHA</a> skinner training pigeons</p> <p><a href="https://illuminate.digital/books/Psychology/aqapsych1/106-107/p106-107%204%20Schools%20and%20the%20learning%20approach.pdf">https://illuminate.digital/books/Psychology/aqapsych1/106-107/p106-107%204%20Schools%20and%20the%20learning%20approach.pdf</a></p> <p>Complete the workbook about classical and operant conditioning. You should now be using all the specialist terms and theory that you have now acquired. I will provide access to this for you when we meet.</p> <p>Make a glossary of terms Positive reinforcement Negative reinforcement punishment</p> <p>Try and think about how behavioural scientists have been used in the coronavirus outbreak. Think about how much our behaviour has changed? Try and list them? We can discuss these at the next meet. How can we make people change using behaviourist/leaning theory principles.</p>
W/C 29.6.20 3 <sup>rd</sup> meet	Evaluating the behaviourist/earning theory approach. Looking at past examination questions.	<p>We will start to complete some past examination questions. During the meet this week I will go through some of the short questions with you and you will be able to upload a document then with them on in order to complete them</p> <p><a href="https://psychologyhub.co.uk/learning-approaches-the-behaviourist-approach/">https://psychologyhub.co.uk/learning-approaches-the-behaviourist-approach/</a> read through the document, start to list now what the issues/limitations are with the behaviourist approach. Please take note of the format PEEP or PEEL as you may have been taught. This is how we need to write the evaluation in psychology.</p>
W/C 6.7.20	Behaviourist approach skills and	<p><a href="https://www.simplypsychology.org/psychology-essay.html">https://www.simplypsychology.org/psychology-essay.html</a> information on how to write good essays in psychology</p>

	writing an essay	<b>Task</b> write an essay on describe and evaluate the behaviourist approach (12)
<b>Fortnightly Meet: Date &amp; Time</b>	<b>Teacher delivering</b>	<b>Resources</b>
Mon 1 <sup>st</sup> June 2020 9am	L.Dudley Period1	What is psychology? The origins of psychology
Monday 15 <sup>th</sup> June 20 9am	L.Dudley Period1	The behaviourist approach
