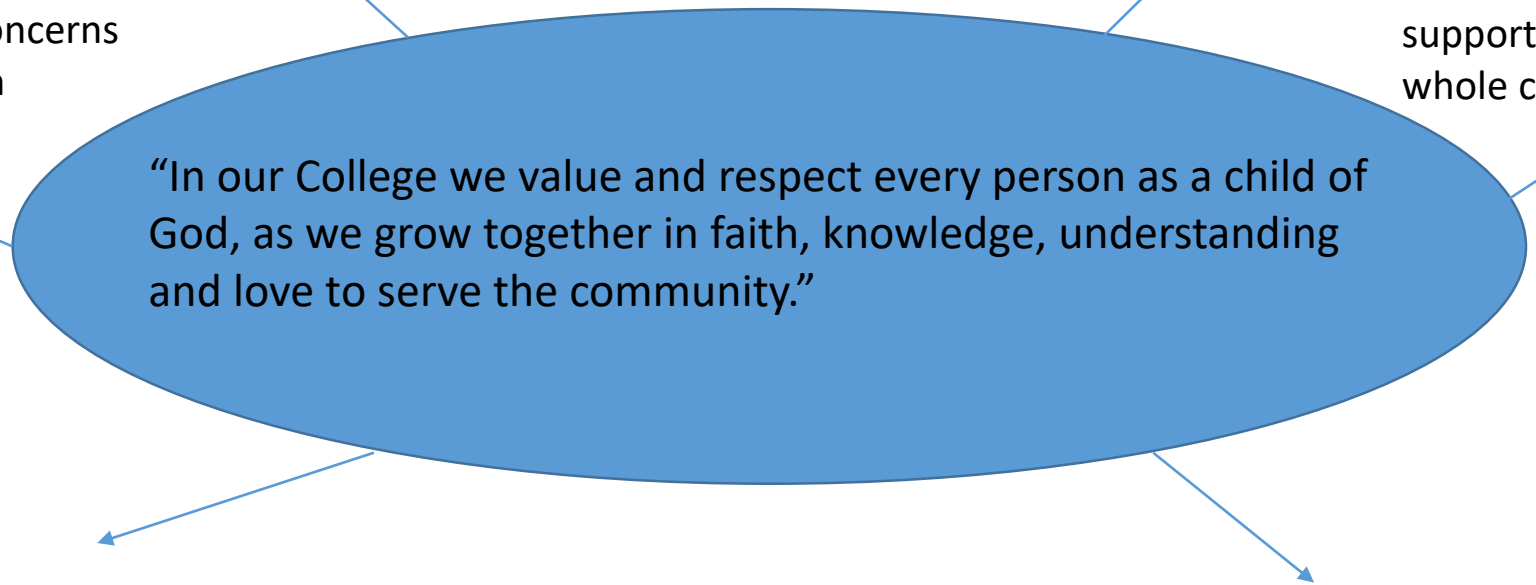
WAS award link to College Mission Statement

The college values everybody's right to support for mental and emotional wellbeing

The college respects and supports all students, staff and parents views on mental and emotional wellbeing

The college provides opportunities through our faith to discuss issues and concerns for other students mental health and emotional wellbeing

The college seeks the views of the stakeholders and puts support in place to help the whole college community



The college ensures all students have knowledge and understanding of how to gain positive mental health and wellbeing and the signs and symptoms of poor mental health and wellbeing

Students have the knowledge of where to gain support to improve their mental health and wellbeing or to tackle poor mental health and wellbeing
